Re: UL Recognition Mark for panel products  
UL Listed mark for reader products

The following Mercury Security products carry UL certification under UL294. Please use the UL website as needed for current Recognition and Listed Mark validity. Go to [www.ul.com](http://www.ul.com) and select their Online Certifications Directory.

To use their Online Certifications Directory, execute a search using the Mercury Security UL file number BP6565. There you will find ALVY.BP6565 for UL Listed products, and ALVY2.BP6565 for Recognized Components. Below is a current list of Mercury Security part numbers and their associated UL Certifications:

UL Recognized – Components

UL Listed Products
